

The members of CBA were THE WORST OFFENDERS of our Telephone Privacy in Indiana, that's why our law is so strongly worded to prevent their constant disruption of our homes. I know with whom I have an established business relationship and if I want to contact them I can do so by internet, phone or mail. Please DO NOT GRANT THEM EXEMPTION to our "Telephone Privacy Law." The law we diligently considered, carefully worded and passed, is exactly what we Hoosiers wanted.
